PRESIDENT- JANET VAN ARSDALE

Our Story:
A Vision Since 1970

JVA Art Group has been in business since 1970. Our company was started by Janet Van Arsdale as an art gallery and art consulting firm, which over the years transitioned to who we are today.

We were inspired to create JVA Art Group after being approached by an interior designer who was unable to find the perfect artwork to complete her design story. Janet made it her mission to travel the world and create an exclusive high-resolution photography library and by bringing on a staff of graphic designers, we create custom artwork to fit every design need. **Today JVA has over 650,000 digital, high-resolution images in our photo library waiting to be customized for your next project.**

Our Mission

At JVA Art Group, we are devoted to your vision. We understand the challenges and complexities of the custom art world, and how difficult it is to communicate a vision definitively. Therefore, we commit to close collaboration, strategic processes, and extensive sample collections. This ensures that not only will your art be cherished, but the journey will as well. It is our mission to be an extension of you, to create intellectual art that connects, delights, inspires, and communicates. **JVA will become your first choice for strategic art design.**

Listen, Collaborate

Interior Designers have an idea of how they want the artwork to tell the story of their space. JVA provides exclusive imagery and initial art ideas based on the designers' thoughts. From there, **JVA works one-on-one to brainstorm and come up with a personalized game plan for your customized artwork.**

Create, Curate

Our staff of graphic artists take the time to fine-tune all artwork until it is exactly what the client desires. Making adjustments to artwork to ensure it's perfect for your space is what we do! In addition to creating in-house masterpieces, we have an extensive library of outside artists to curate pieces that will complement any space. There's no request that is too off-the-wall for us!

Manufacture, Print

JVA's team follows your artwork from vision to completion. We are the ones proofing, printing and manufacturing each piece of artwork that goes out the door. Our hands-on approach ensures that the quality is always perfect before being shipped out or installed.

Frame, Install

We offer full framing services for every size project, with access to thousands of different moldings from all framing vendors and a line of custom milled JVA frames, **you will always receive value-engineered pricing to fit your budget.** JVA's art installers are also on-hand to travel if installation services are needed.

Follow-up, Guarantee

When your project is complete we will follow up with you to ensure that the final product is exactly what you were envisioning. **At JVA Art Group, we pledge to deliver the highest standards of integrity and professionalism; to only make decisions that are in your best interest; to commit ourselves wholly to your needs and be sensitive to them; to be highly responsive, reliable and forthcoming; and to do what we say we are going to do, when we say we are going to do it, without surprises and without excuses.**
